Science Fair Rules:

1. Students may enter a project individually or as a group of no more than 3 students.
2. No open flames, dangerous or illegal chemicals, explosives or live animals permitted.
3. Experiments that harm animals are not permitted.
4. Exhibits must be self standing and no larger than 36" wide/high and 24" deep.
5. Students are responsible for supplying all items needed for their display—including extension cords, etc. The school supplies tables only. Please specify special needs (Electrical outlet, extra space, etc.) We will do our best to accommodate.
6. Please, no volcanoes. They are great fun and we encourage kids to make and keep them at home.
7. As per the rules for the Salt Lake Engineering and Science fair, **NO PROJECTS WITH LIVE BACTERIA** permitted.

Parent/Guardian: Please sign below indicating that the rules have been read and are understood.
