

**MCPOLIN OFFICE UPDATES**  
 WEDNESDAY, OCTOBER 30, 2019

Dear parents and caregivers,

Ever given much thought to how all of the many activities and learning students and families get to enjoy are funded at a public school? More directly, how does all of the many programs offered by the Park City School District get funded? We thought we would share our best effort at a short and undoubtedly incomplete list:

<b>Park City School District (PCSD)</b>	<b>Park City Education Foundation (PCEF)</b>	<b>MPES Parent Teacher Organization (PTO)</b>

We love our school. We love our students, families and surrounding community. One of the many reasons McPolin continues to be the “BEST” elementary “IN” Park City has as much to do with what we have outside of school as what happens inside of school.

It is undeniable that without the support of our community many of the opportunities and rich experiences our students enjoy would be unavailable. Experiences like full-day kindergarten, our pre-school for ages three (3) and four (4), coding, and Art would not exist. Here at McPolin, our students are enjoying two high-quality art activities a month thanks to the **PCEF (P.ark C.ity E.ducation F.oundation)**. That’s right, thanks to the kindness and commitment of our community in collaboration with the PCEF, here at McPolin an EVA Plus class has been added to double the amount of art all of our students enjoy without any direct cost to our families.

**I ask everyone to support and join in as they can to help fund the McPolin EVA Plus pilot program by supporting the upcoming LIVE PC/GIVE PC campaign. The support you offer today might be the start of tomorrow’s Georgia O’Keefe or Pablo Picasso.**

Sincerely,  
 Bob Edmiston
