

MCPOLIN OFFICE UPDATES
WEDNESDAY, JANUARY 22, 2020

Dear caregivers and parents,

Happy science fair week! This Friday, January 24th is the science fair. All students and grade levels are invited to participate. All 5th graders are required to participate and have been working hard on their projects. Please contact your teachers with questions and if you'd like to volunteer please contact our wonderful parent volunteer Lauren Strachan.

The PTO is an amazing group of parents that make McPolin better. The PTO helps with many school activities all year long and is always looking for additional parent volunteers. If you are interested in volunteering with the PTO please contact them directly at mcpolinpto@gmail.com.

The parking lot has been very busy lately, and now here comes Sundance! I encourage everyone to try to get her earlier and take advantage of our breakfast program, which starts at 7:40am every morning. Also, a reminder to **PULL UP as far as possible** when dropping off or picking up at the curb, it really does help with the flow of traffic.

Stop by the school tonight for a free dinner at 5:30pm hosted by the McPolin Promise group. Park City Christian Center, Jewish Family Services, Big Brothers/Big Sisters, People's Health Clinic, and United Way are working together to support our school community. The People's Health Clinic will be offering eye exams, flu shots and sharing information about asthma and mental health.

Parent/Teacher Conferences will be held February 3rd-14th. Conferences can be scheduled online, you can find sign up information on the McPolin website. Parent online sign up will start Friday, January 24th and run until February 7th. Parents will have the opportunity to access their teachers' conference calendars and schedule a convenient conference time. If you have not made an appointment by February 7, 2020 teachers will pick a time for you and notify you in a take-home note or email just prior to the conference period.

Sincerely,
Bob Edmiston
