

## McPolin Giving Moose

The holiday season is here and our annual Giving Moose is ready! The Giving Moose program aims to support and deliver gifts to McPolin kids whose families may need a little extra help during the holidays. Families who choose to participate in the program will get a student wish, a list that contains information regarding the students interests, age, and clothing size. The list is meant to be a reference for families searching for gifts. All information regarding families is kept confidential on both ends.

Please email our outreach coordinator Belsy Moscoso at [bmoscosot@pcschoools.us](mailto:bmoscosot@pcschoools.us) to participate in the program. Belsy will be able to match you with as many children as you would like to sponsor and provide all of the necessary information. All gifts must be returned to Belsy at the front office by December 10th at the latest. If possible, please wrap all presents beforehand.
