Teacher Appreciation Week!

Dear parents and caregivers,

Thanks is not enough! The energy and enthusiasm throughout our school could not be better due in part to all of YOU! The amazing acts of kindness from decorated teacher doors, staff meals, to student notes and cards of appreciation continue to be amazing all week long! The smiles and gratitude say it all as you walk down the hallways.

Some more celebrations regarding Movie Night this past Friday. WOW! This was the most attended and best Movie Night yet! An easy estimate is over 200 students attended and everyone had a great time. A huge THANK YOU to the Rojas family! Pablo ran the movie and technology, Laura ordered all of the food, Isabelle helped serve the food and keep the students smiling as they patiently waited their turn, and PJ helped all around including with clean-up! We are planning to continue Movie Night activities next year.

Here are the school-wide planned activities for the last three weeks of the 2021-2022 school year (May 2 – May 20):

- Monday, May 2nd – Friday, May 6th – TEACHER APPRECIATION WEEK
- Every Friday weather permitting, we are Rollin' at McPolin. Bring bikes, trikes, boards, skates, or tool of choice to ride during lunch recess.
- Thursday, May 19th – WATER FIGHT!!!
 - The Fire Department cannot attend, no worries, the water and fun continues!
- Friday, May 20th – Bike-to-School day.
 - Look for more details to be shared next week. In collaboration with Park City Municipal, including support by the PCPD, we will be supervising riding to school from the following remote locations:
 - 7:30am – Park City Heights by the bus stop
 - 7:45am – Arches Park at the end of Comstock
 - 7:45am – MARC parking lot
 - 7:45am – Aspen Villas parking lot

To encourage families/students to use alternative ways other than cars to attend school for the two weeks prior the Bike-to-School activity, (starting Monday, May 9th) students can track their use of alternative transportation efforts by putting a sticker on the chart posted by the front office.

End of Year testing continues pretty much until the end of May. Be sure to check with your teachers if you have any questions. The PTO has kindly supported testing by providing additional snacks so students are hungry to ace the various tests instead of hungry to eat. Another great reason to support our PTO! You can contact the officers to ask how to help via email at mcpolinto@gmail.com. Some parents help with their time, some parents help with donations, and other parents help by staying in touch with teachers to stay informed and best support their students. A school's success is dependent on the involvement and support of the community. McPolin is no exception, we appreciate all the help!

Finally, and most importantly, congratulations McPolin! To be entering this last month of the 2021-22 school year and still going strong with our All for ONE and ONE for All battle cry is no small feat. Thanks to us all and with confidence, we got this!

Sincerely,
Bob Edmiston

Important Dates:

- Wednesday, May 4th – Community Council Meeting – LAST ONE for the 2021-22 school year.
- Time to register and start training for the yearly and most important RWE (Running With Education) PCEF fundraiser.
 - Never too early to start planning.
